Legacy Support

The EZ-Peak Live Dual features full manual control through the Traxxas Link Live app for charging Traxxas batteries that are not equipped with Traxxas ID. The charger has built-in balance ports for 2S, 3S, and 4S LiPo batteries.

- Exclusive ID technology instantly recognizes Traxxas ID batteries, automatically selects LiPo or NiMH charge mode, and then optimizes the charge settings. Just press the Start button and EZ-Peak Live Dual does the rest.
- **200 WATTS, 26+ AMPS TOTAL OUTPUT**
CHARGES BATTERIES FAST.
- Fast Charge a pair of 2S 7600 (2869X) ID batteries in about one third the time (3X faster*)
- Fast Charge a pair of 3S 5000 (2872X) ID batteries in about one half the time (2X faster*)
- Fast Charge a single 4S 6700 in about 40 minutes.

Two Traxxas 25C 25 7600 LiPo battery	15.2A	15.2A	13.4A	26.8A
Two Traxxas 25C 25 7600 LiPo batteries	13.4A	13.4A	13.4A	26.8A
Two Traxxas 25C 25 7600 LiPo batteries	11.6A	15.2A	15.2A	26.8A
Maxx Charge	16A	16A	16A	26+

Based on 2C charge rate, 7.4 volts Nominal. Charge current approximate. Results vary.

Connect to the EZ-Peak Live app on your mobile device to experience a high definition graphical user interface.

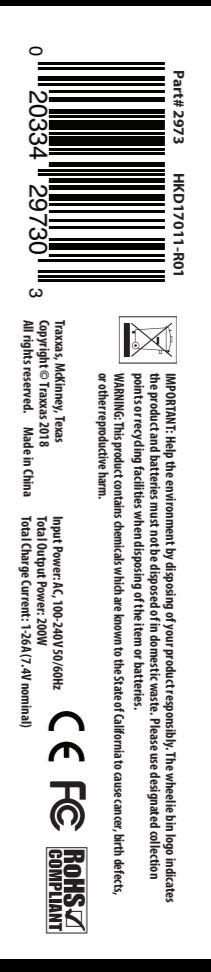

- Monitor and control up to 4 chargers at once
- Receive alerts when charging is complete
- Access advanced user functions and information
- Parental lock for worry-free ID-only charging
- Full manual control through the app

Important Customer Note: Accessing some charger features requires a mobile device with Bluetooth capability (sold separately) and the Traxxas Link Live application. Ask your hobby dealer or contact Traxxas for more information.

*Compared to Traxxas model 2972 Dual charger, Model 2973 Charge time about 45 minutes or less.
