Part #2872X

**FIRE HAZARD!** Read and follow all manufacturer's charging and handling instructions, warnings and precautions before use! LiPo Batteries pose a severe risk of fire if not properly handled and charged per the instructions. Never allow children under 14 years old to charge batteries without the supervision of a responsible, knowledgeable adult.

- While charging, always place the battery in a fire retardant/fire proof container and on a non-flammable surface such as concrete.
- ALWAYS charge batteries in a well-ventilated area.
- REMOVE flammable items and combustible materials from the charging area.
- Use ONLY a Traxxas iD equipped LiPo charger with this battery. DO NOT charge with a NiMH only charger.

If you have any questions, call TRAXXAS Customer Support at 1-888-TRAXXAS (1-888-872-9927) Outside the US +1-972-549-3000

- If any battery or cell is damaged in any way, do NOT charge, discharge, or use the battery.
- ALWAYS confirm charger settings match this battery prior to charging. Do NOT exceed the maximum recommended charge rate.
- Do NOT disassemble, crush, short circuit or expose to flame.
- NEVER leave batteries unattended during charging.

**WARNING! CAUTION! DANGER!**

**Integrated Balance Connector**  
The balance wires are integrated into the main connector for ultimate simplicity with Traxxas iD Equipped LiPo chargers. Traxxas iD equipped LiPo charger required for balance-charging this battery.

**Works with these plugs in your model:**

**Specifications:**  
 Configuration: 3S1p  
 Continuous Discharge: 25C (125A)  
 Max Burst Rate: 50C (250A)  
 Watt Hours: 55.5  
 Charge Rate: 1C (5A)  
 Max Charge Rate: 2C (10A)  
 Dimensions (mm): 155x26x44  
 Weight: 13.3oz (376g)
