ADVANCED LIGHTING CONTROL SYSTEM

PRO SCALE REALISM

All the lighting control of a full-scale truck is at your fingertips. Turn the headlights on and off, and then select high or low beam. Signal for turns with automatic cancellation. The brake lights glow when you slow or stop. Hit reverse, and the backup lights come on automatically. The Pro Scale system makes it easy.

HIGH BEAM & LOW BEAM

REVERSE LIGHT

BRAKE LIGHTS

TURN SIGNALS & HAZARDS

TOTAL CUSTOMIZATION

Traxxas Link and the optional Wireless Module (Part # 6511, sold separately) make it easy to configure your lights your way, right from your iOS or Android device. Switch individual lights on and off, assign lights to each mode setting, and add additional LED accessories to the Lighting Power Module with just a touch. Traxxas Link puts you in control.

Part #6532 Phone mount and Part #6511 Wireless Module sold separately
